Electric ____ N. Gas ____ Water ____ Sewer ____

What equipment will be needed? (*machines, tools, lighting, ect.*)

Will customers be coming to your property? Yes No

Section 3.09 Home Occupation

Home occupations shall be allowed only in principal use single-family dwellings and permitted by right in conformance with the following regulations:

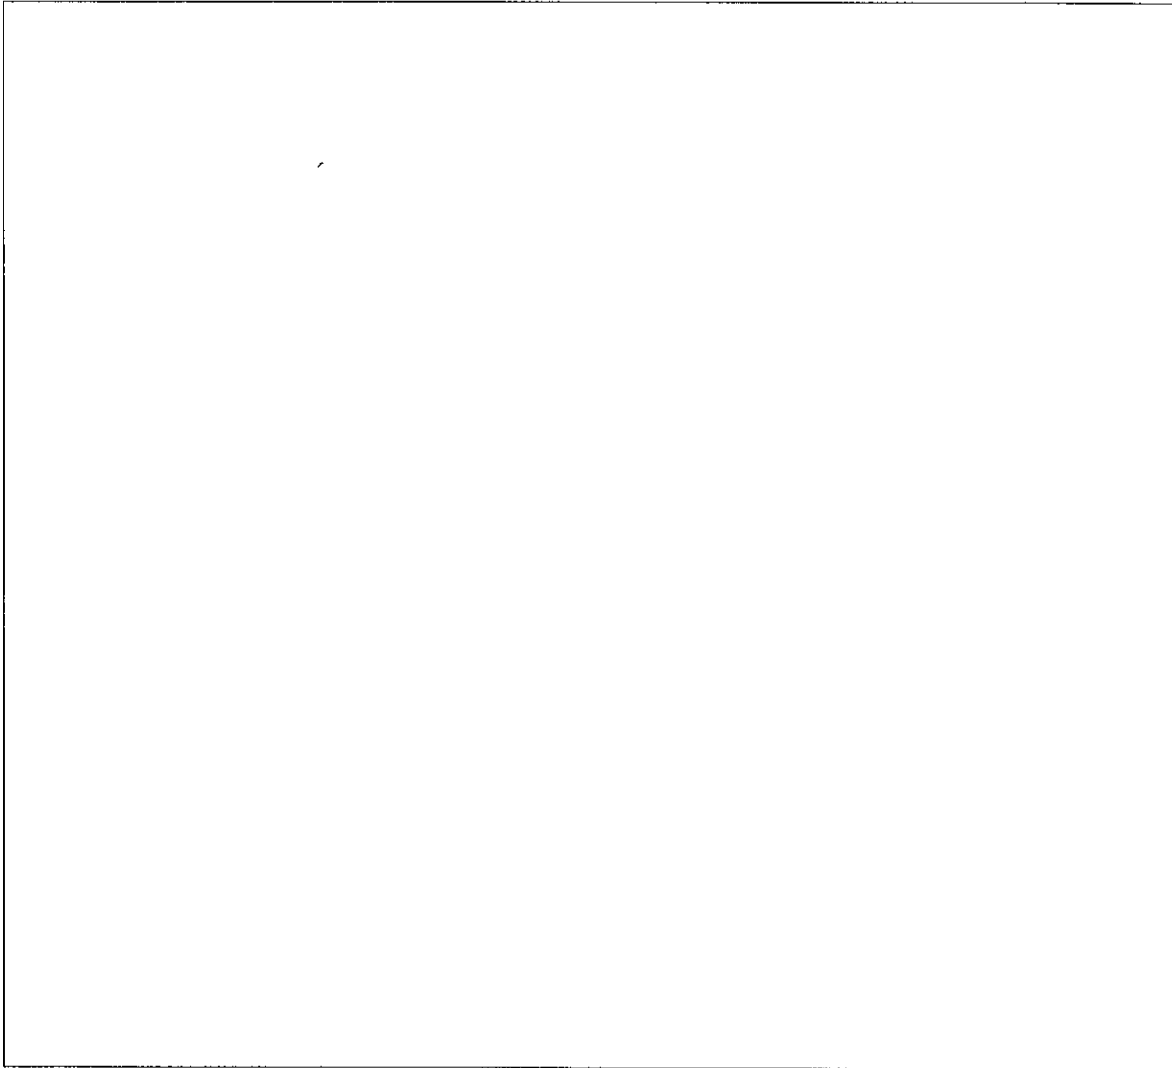

- A. No person other than members of the family residing on the premises shall be engaged in such occupation. Is this the case? Yes No If no, explain: _____

- B. The use of the dwelling unit for the home occupation shall be clearly incidental and subordinate to its use for residential purpose by its occupants, and not more than twenty-five (25) percent of the floor area of the dwelling unit shall be used in conducting the home occupation. (show on site plan)
- C. There shall be no change in the outside appearance of the building or premises or other visible evidence of the conducting of such home occupation. Will there be any changes to the outside of the home? Yes No If yes, explain: _____

- D. No home occupation shall be conducted in any accessory building, except in the Residential-Agricultural District where one (1) accessory building may be utilized for a home occupation provided all other requirements of this Chapter are met.
- E. No traffic shall be generated by such home occupation in greater volumes that would be normally expected in a residential neighborhood, and any need for parking generated by the conducting of such home occupation shall be met off the street and other than in a required front yard. Will more parking space be needed? Yes No If yes, explain: _____

- F. No equipment or process shall be used in such home occupation, which creates noise, vibration, glare, fumes, odors or electrical interference detectable to the normal senses off the lot. In the case of electrical interference, no equipment or process shall be used which creates visual or audible interference in any radio or television receivers off the premises or causes fluctuation in line voltage off the premises. Will this use create more noise, vibration, glare, fumes, odors or electrical interference detectable to the normal senses off the lot? Yes No If yes, explain: _____

Site Plan to include: buildings on property, temporary building or stands, access to property, off-street parking, and setbacks for all new additions from property lines. Square footage of total floor area and location in home being used for home occupation.

The undersigned affirms that he/she or we is/are the owner/occupant of the above said property, have read the regulations of the home occupation and will comply and all information herewith submitted are in all respects true and correct to the best of my/our knowledge.
